The screenshot shows the 'Noten 42' application interface. At the top, there's a title bar with standard Windows window controls. Below it is a menu bar with four options: 'Druck', 'Protokoll löschen', 'Protokoll speichern', and 'Zeichensatz ändern'. The main area displays version information: 'Noten 42 Version: 2.10.2.50 | Stand: 25.08.2020 | Copyright (©) 2000, 2019 by Walter Schrewe'. Below this, it says 'Start: 14.09.2020 12:52:21 Woche: 38'. A list of 'TStreamClass.Load Ver...' entries is visible. An error dialog box titled 'Noten 42' is open in the foreground, displaying a red 'X' icon and the message: 'Zugriffsverletzung bei Adresse 0113652A in Modul \'Noten.exe\' . Lesen von Adresse 00000018.' There is an 'OK' button at the bottom right of the dialog box.
